OG CAN

Our OG Can is carbonated and features 50 mg of caffeine to jumpstart your body, with natural ingredients that replenish electrolytes and provide hydration. Available only in our Original flavor.

INGREDIENTS

Green Coffee Bean Extract is included for its natural caffeine content, providing an energy boost to help combat hangover fatigue and enhance alertness.

Valerian Root is used to promote relaxation and ease anxiety, offering relief from the discomfort associated with hangovers and aiding in restful sleep for recovery.

White Willow Bark contains natural compounds similar to aspirin, which can help alleviate headache and body aches, common symptoms of a hangover.

Ginger is known for its soothing properties and can help calm an upset stomach and reduce nausea, which are often experienced during a hangover.

B-Vitamins are essential for energy metabolism and liver function. Including them helps replenish nutrients depleted by alcohol consumption and supports overall recovery.

CAFFEINE FREE CAN

Our Caffeine Free Can is carbonated and includes a mixture of natural ingredients that replenish electrolytes and provide hydration. Available only in our Original flavor.

INGREDIENTS

B-Vitamins are essential for energy metabolism and liver function. Including them helps replenish nutrients depleted by alcohol consumption and supports overall recovery.

Valerian Root is used to promote relaxation and ease anxiety, offering relief from the discomfort associated with hangovers and aiding in restful sleep for recovery.

White Willow Bark contains natural compounds similar to aspirin, which can help alleviate headache and body aches, common symptoms of a hangover.

Ginger is known for its soothing properties and can help calm an upset stomach and reduce nausea, which are often experienced during a hangover.

CBD CAN

Our CBD Can is carbonated, has 15mg of broad spectrum CBD, 50 mg of caffeine to jumpstart your body while natural ingredients replenish electrolytes and provide hydration. Available only in our Original flavor.

INGREDIENTS

Green Coffee Bean Extract is included for its natural caffeine content, providing an energy boost to help combat hangover fatigue and enhance alertness.

Valerian Root is used to promote relaxation and ease anxiety, offering relief from the discomfort associated with hangovers and aiding in restful sleep for recovery.

White Willow Bark contains natural compounds similar to aspirin, which can help alleviate headache and body aches, common symptoms of a hangover.

Ginger is known for its soothing properties and can help calm an upset stomach and reduce nausea, which are often experienced during a hangover.

B-Vitamins are essential for energy metabolism and liver function. Including them helps replenish nutrients depleted by alcohol consumption and supports overall recovery.

CBD is included for its potential anti-inflammatory and pain-relieving properties, which may help reduce discomfort and inflammation associated with a hangover. It can also aid in relaxation and stress relief, promoting a sense of well-being during recovery.

OG 4OZ SHOT

Our OG 4oz shot has 12.5 mg of caffeine jumpstarts your body while natural ingredients replenish electrolytes and provide hydration. Available in Blackberry, Spicy Mango, and Lychee flavors.
